Cybersecurity Professionalization Discussion Forum @ RSA

Tuesday, February 26, 2013
9:00am-12noon

Moscone Center South, Room 302
747 Howard Street
San Francisco, CA 94103

<http://www8.nationalacademies.org/EventRegistration/public/Register.aspx?event=D12A6081>

This Workshop II and Discussion Forum are part of a series of workshops being held across the country in 2012-2013 by the National Research Council **Committee on Professionalizing the Nation's Cybersecurity Workforce: Criteria for Future Decision-Making**. Drawing on inputs from the workshops, the committee will issue a report that characterizes the current landscape for cybersecurity workforce development and provides criteria for identifying which specialty areas may require professionalization and how different approaches and tools for professionalization could be evaluated.

These events will provide an opportunity to hear from stakeholders and other experts from industry; federal, state, and local government; educational institutions; and testing, assessment, and certification providers. In

The Discussion Forum is an open session and we invite public comment.

Visit the project page at http://sites.nationalacademies.org/CSTB/CSTB_080289 for additional information or to register for either event. Seating is limited and available on a first come, first served basis. To submit comments, please send them to cybersecprof@nas.edu.

*For information on the Computer Science and Telecommunications Board (CSTB), visit cstb.org or follow @CSTB. To receive periodic updates on CSTB and all projects and events within the Division on Engineering and Physical Sciences (DEPS), please visit nationalacademies.org/deps to subscribe to the monthly **DEPSNews**.*
