

Patient and Worker Safety and The Joint Commission

Paul M. Schyve, MD
Senior Advisor
Healthcare Improvement

The Joint Commission

- ▶ Founded 1951
- ▶ 501(c)(3) not-for-profit – oldest and largest
- ▶ Accredits and certifies > 20,000 organizations
- ▶ 76% of U.S. hospitals
- ▶ Mission: evaluate and inspire organizations to excel in providing safe and effective care of the highest quality and value

Approach to Quality and Safety

- ▶ Systems approach
- ▶ Emphasize processes, rather than
 - Individual performance
 - Structures
- ▶ Recognize different causes of same adverse result
- ▶ Look for cause-specific solution
 - “One size does not fit all”

High Reliability

- ▶ Leadership
- ▶ Culture
- ▶ Effective process improvement

Leadership Requirements

- ▶ Leadership in hospitals
 - Governing body
 - CEO, other senior managers (C-Suite)
 - Leaders of medical staff
- ▶ Must collaborate for quality and safety
- ▶ Responsible for:
 - Culture of safety and quality
 - Performance improvement
 - Patient safety program

Culture of Safety and Quality Requirements

- ▶ Evaluate culture
- ▶ Code of conduct and its management
 - Behaviors that undermine a culture of safety
- ▶ Education
- ▶ Foster teamwork
- ▶ Encourage reporting
- ▶ Data-driven decision making
- ▶ Foster communication
- ▶ Manage change

Effective Performance Improvement Requirements

- ▶ Leaders set priorities
- ▶ Focus on processes
- ▶ Design new or modified process well
 - Use evidence-based information
 - Proactive (FMEA)
 - Retrospective (Root cause analysis)
- ▶ *Use effective tools*

Patient Safety Program Requirements

- ▶ Hospital wide
- ▶ Person(s) or group manages
- ▶ Encompasses:
 - Hazardous conditions
 - Close calls
 - Sentinel events (harm or death)
- ▶ Reporting
- ▶ Responding
- ▶ Support for staff
- ▶ Disseminate to staff, governing body

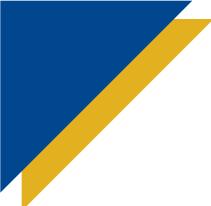

Environment of Care Requirements

- ▶ Staff familiar with roles
 - Eliminating physical risks
 - Actions in event of incident
 - Reporting incidents
- ▶ Hospital collects data
 - Injuries to patients or others
 - Occupational illnesses and staff injuries

Environment of Care Requirements

- ▶ Tour every 6 months in patient care areas
- ▶ Tour every 12 months in non-patient areas
- ▶ Evaluate each EC management plan every 12 months
- ▶ Analyze identified EC issues
 - Multidisciplinary group
 - Recommends priorities
- ▶ Actions to improve EC
- ▶ Communicate results

Free Services to Hospitals

- ▶ *Improving Patient and Worker Safety: Opportunities for Synergy, Collaboration, and Innovation* (Joint Commission, NIOSH, NORA) 2012.
- ▶ Standards Interpretation Group
- ▶ Office of Quality Monitoring Sentinel Event Analysis Group
- ▶ *Sentinel Event Alert*
