Ford Foundation Fellowships Honorable Mention List

The following 597 outstanding scholars have been accorded honorable mention status in the 2011 Ford Foundation Fellowships competition administered by the National Research Council of the National Academies. The programs seek to increase the diversity of the nation's college and university faculties by increasing their ethnic and racial diversity, to maximize the educational benefits of diversity, and to increase the number of professors who can and will use diversity as a resource for enriching the education of all students.
