Pre-existing Conditions Exclusion	On effective date: Waived After effective date: Waived	

For members age 19 or over this plan imposes a pre-existing condition exclusion, which may be waived in some circumstances and may not be applicable to you. A pre-existing condition exclusion means that if you have a medical condition before coming to this plan, you may have to wait a certain period of time before the plan will provide coverage for that condition. This exclusion applies only to conditions for which medical advice, diagnosis, care, or treatment was recommended or received or for which the individual took prescribed drugs within 90 days. Generally, this period ends the day before your coverage becomes effective. However, if you were in a waiting period for coverage, 90 days ends on the day before the waiting period begins. The exclusion period, if applicable, may last up to 365 days from your first day of coverage, or, if you were in a waiting period, from the first day of your waiting period. If you had prior creditable coverage within 90 days immediately before the date you enrolled under this plan, then the pre-existing conditions exclusion in your plan, if any, will be waived.

If you had no prior creditable coverage within the 90 days prior to your enrollment date (either because you had no prior coverage or because there was more than a 90 day gap from the date your prior coverage terminated to your enrollment date), we will apply your plan's pre-existing conditions exclusion. In order to reduce or possibly eliminate your exclusion period based on your creditable coverage, you should provide us a copy of any certificates of creditable coverage you have. Please contact Aetna Member Services at 1-888-982-3862 if you need assistance in obtaining a certificate of creditable coverage from your prior carrier or if you have any questions on the information noted above. The pre-existing condition exclusion does not apply to pregnancy nor to a child who is enrolled in the plan within 31 days of birth, adoption, or placement for adoption. Note: For late enrollees, coverage will be delayed until the plan's next open enrollment, and the pre-existing condition exclusion will be applied from the individual's effective date of coverage.

****We cover the cost of services based on whether doctors are "in network" or "out of network." We want to help you understand how much Aetna pays for your out-of-network care. At the same time, we want to make it clear how much more you will need to pay for this "out-of-network" care.**

You may choose a provider (doctor or hospital) in our network. You may choose to visit an out-of-network provider. If you choose a doctor who is out of network, your Aetna health plan may pay some of that doctor's bill. Most of the time, you will pay a lot more money out of your own pocket if you choose to use an out-of-network doctor or hospital.

When you choose out-of-network care, Aetna limits the amount it will pay. This limit is called the "recognized" or "allowed" amount.

- For doctors and other professionals the amount is based on what Medicare pays for these services. The government sets the Medicare rate. Exactly how much Aetna "recognizes" depends on the plan you or your employer picks.

- For hospitals and other facilities, the amount is based on what Medicare pays for these services. The government sets the Medicare rate. Exactly how much Aetna "recognizes" depends on the plan you or your employer picks.

Your doctor sets his or her own rate to charge you. It may be higher -- sometimes much higher -- than what your Aetna plan "recognizes." Your doctor may bill you for the dollar amount that Aetna doesn't "recognize." You must also pay any copayments, coinsurance and deductibles under your plan. No dollar amount above the "recognized charge" counts toward your deductible or out-of-pocket maximums. To learn more about how we pay out-of-network benefits visit Aetna.com. Type "how Aetna pays" in the search box.

You can avoid these extra costs by getting your care from Aetna's broad network of health care providers. Go to www.aetna.com and click on "Find a Doctor" on the left side of the page. If you are already a member, sign on to your Aetna Navigator member site.

This applies when you choose to get care out of network. When you have no choice (for example: emergency room visit after a car accident, or for other emergency services), we will pay the bill as if you got care in network. You pay cost sharing and deductibles for your in-network level of benefits. Contact Aetna if your provider asks you to pay more. You are not responsible for any outstanding balance billed by your providers for emergency services beyond your cost sharing and deductibles.

This way of paying out-of-network doctors and hospitals applies when you choose to get care out of network. When you have no choice (for example: emergency room visit after a car accident), we will pay the bill as if you got care in network. You pay your plan's copayments, coinsurance and deductibles for your in-network level of benefits. Contact Aetna if your provider asks you to pay more. You are not responsible for any outstanding balance billed by your providers for emergency services beyond your copayments, coinsurance and deductibles.

Health benefits and health insurance plans contain exclusions and limitations. Not all health services are covered.

See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. You may be responsible for the health care provider's full charges for any non-covered services, including circumstances where you have exceeded a benefit limit contained in the plan. Providers are independent contractors and are not agents of Aetna. Provider participation may change without notice. Aetna does not provide care or guarantee access to health services.

The following is a list of services and supplies that are generally *not covered*. However, your plan documents may contain exceptions to this list based on state mandates or the plan design or rider(s) purchased by your employer.

Aetna receives rebates from drug manufacturers that may be taken into account in determining Aetna's Preferred Drug List. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. Aetna Rx Home Delivery refers to Aetna Rx Home Delivery, LLC, a licensed pharmacy subsidiary of Aetna Inc., that operates through mail order. The charges that Aetna negotiates with Aetna Rx Home Delivery may be higher than the cost they pay for the drugs and the cost of the mail order pharmacy services they provide. For these purposes, the pharmacy's cost of purchasing drugs takes into account discounts, credits and other amounts that they may receive from wholesalers, manufacturers, suppliers and distributors.
