FORD FOUNDATION FELLOWSHIP PROGRAMS

Administered by the National Academies of Sciences, Engineering, and Medicine

Predoctoral Fellowships

Verification of Doctoral Degree Status Form

To the applicant: Predoctoral fellowship applicants who are already enrolled in a Ph.D. or Sc.D. program as of the fall semester 2018 must submit this completed and signed form.

Complete this form and submit it to your adviser or other university official for signature. Once signed, save the form as a .pdf file and upload it to your fellowship application before the **January 8, 2019, 5 PM Eastern Standard Time** supplementary materials deadline.

Applicant Name _____
last first middle maiden/other suffix

To the adviser or other university official: Eligible applicants for the Ford Foundation Predoctoral Fellowship require a minimum of three years to complete the Ph.D./Sc.D. as of the fall 2019 semester.

By my signature below, I verify that the applicant named above has a minimum of 3 years of predoctoral study and research toward the Ph.D./Sc.D. degree remaining as of the 2019-2020 academic year and, to the best of my knowledge, will be able to use a full three years of fellowship support. I understand that this fellowship is not intended to be a multi-year dissertation award, and that applicants considered to be at the dissertation level will be excluded from review.
