

# Presentation to the National Academies Committee on Federal Research Regulations and Reporting Requirements

Richard Seligman  
California Institute of Technology  
May 28, 2015

# Just-in-Time Submission of Full Proposals

## Subrecipient Monitoring

### The Uniform Guidance

# Just-in-Time Submission of Full Proposals

- Dramatic increase in the number of proposal submissions
- Reduce the number of proposals that require ALL of the proposal elements
- Who needs to make the change? The individual funding agencies

# Subrecipient Monitoring

- Increasing number of prescriptive administrative requirements
- Focus the monitoring of subrecipients on the work to be performed
- Who needs to make the change? OMB with assistance from COFAR

# Uniform Guidance

- The Uniform Guidance is not yet **Uniform**
- Implement the **Research Terms and Conditions**
- Who needs to make the change? OMB with assistance from COFAR
