

National Health and Nutrition Examination Survey (NHANES)

**Kathryn S. Porter, M.D., M.S., Director
Division of Health and Nutrition Examination Surveys**

**Improving Collection of Indicators of Criminal Justice System
Involvement in Population Health Data Programs**

March 30, 2016

National Center for Health Statistics
Division of Health and Nutrition Examination Surveys

NHANES Objective

To assess the health and nutritional status of adults and children in the United States

Goals

Goals of NHANES

- U.S. population-based estimates of:
 - Health conditions
 - Awareness, treatment and control of selected diseases
 - Environmental exposures
 - Nutrition status and diet behaviors
- Establish and maintain a biospecimen program

Data Collection

NHANES sample

- Civilian, non-institutionalized household population in the United States
- n= 5,000 interviewed and examined (per year)

Currently oversample:

- African Americans
- Asian Americans
- Hispanics
- Older persons aged 80+
- Low income whites

NHANES information flow

NHANES home interview consent

This research tells us about the health and nutrition of people in the United States. It combines an interview with a health exam. Our interviewer will ask questions about you and your family. Some questions are about your work and general health. Others are about health problems and other health topics. **Health research using NHANES can be enhanced by combining your survey records with other data sources. The data gathered are used to link your answers to vital statistics, health, nutrition, and other related records.** The questions today will take about one hour. We may contact you to check the work of your interviewer. We may contact you again for further studies.

OMB # 0920-0950

**NATIONAL HEALTH AND NUTRITION EXAMINATION SURVEY
HOME INTERVIEW CONSENT**

Print name of person questioned _____
First _____ Middle _____ Last _____

You have been chosen to take part in the National Health and Nutrition Examination Survey (NHANES).
Conducted by the National Center for Health Statistics, part of the Centers for Disease Control and Prevention (CDC). This research tells us about the health and nutrition of people in the United States. It combines an interview with a health exam. Our interviewer will ask questions about you and your family. Some questions are about your work and general health. Others are about health problems and other health topics. Health research using NHANES can be enhanced by combining your survey records with other data sources. The data gathered are used to link your answers to vital statistics, health, nutrition, and other related records. The questions today will take about one hour. We may contact you to check the work of your interviewer. We may contact you again for further studies.

Data gathered in this survey are used to study many health issues. We are required by law (read box below) to use your information for statistical research only and to keep it confidential. The law prohibits us from giving anyone any information that may identify you or your family without your permission in the future.

You may take part in this survey or not. The choice is yours. You will not lose any benefits if you say no. If you choose to take part, you don't have to answer every question.

We can do additional health research by linking the interview and exam data of everyone listed under "SP NAME" in the gray box below to vital statistics, health, nutrition, and other related records. May we try to link these survey records with other records?

Yes No N/A

You have more questions about the survey? You can make a toll-free call to Dr. Joseph Woodring of the U.S. Public Health Service at 1-800-432-2115, Monday-Friday, 8:00 AM-5:30 PM ET. If you have questions about your rights about being in the survey, call the Research Ethics Review Board at the National Center for Health Statistics, toll free, at 1-800-223-8118. Please leave a brief message with your name and phone number. Say that you are calling about Protocol # 2011-17. Your call will be returned as soon as possible.

SIGNATURE OF PERSON ANSWERING QUESTIONS:
I have read the information above. I agree to proceed with the interview.

IF PERSON ABOVE IS 16 OR 17 YEARS OLD, A PARENT/GUARDIAN MUST ALSO SIGN BELOW:
(Unless participant is an emancipated minor :)

Signature of parent/guardian _____ **Date** _____

I observed the interviewer read this form to the person named above and he/she agreed to participate by signing or marking this form.
Witness (if required) _____ **Date** _____
Name of staff member present when this form was signed: _____

HOUSEHOLD ID _____ **FAMILY #** _____
Which questionnaire(s) did person respond to? **FAMILY** **SP** (IF CHECKED, PRINT BELOW)

SP NAME	SP ID	SP NAME	SP ID
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

Assurance of Confidentiality - All information which would permit identification of an individual, a practice, or an establishment will be held confidential, will be used only by NCHS staff, contractors, and other agents authorized by NCHS to perform statistical activities, only when required and with necessary controls, and will not be disclosed or released to other persons without the consent of the individual or establishment in accordance with Title 45, Code of Federal Regulations, Part 16, National Center for Health Statistics, Protection of Human Subjects, Effectiveness Act (45 CFR 16.34). By law, every employee as well as every agent who takes an oath and is subject to a jail term of up to five years, a fine of up to \$250,000, or both if he or she willfully discloses ANY identifiable information about you.

Public reporting burden of this collection of information may take up to 6.7 hours per response for total participation, including the time for reviewing instructions, gathering and maintaining data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road, MS D-74, Atlanta, GA 30333, ATTN: PRA (0920-0950). 01/14
