

***From Doctorate to Dean or Director: Sustaining Women through Critical Transition Points in Science, Engineering, and Medicine***

**September 19, 2008: Moving Forward**

**Kathleen Christensen of the Sloan Foundation spoke on improving the fit between family and career for women in academia.**

**From left to right: Panelists Vivian Pinn, Stacey Gabriel, Eugene Orringer, and Alice Agogino (not pictured) discussed the role of interdisciplinary careers in women's professional lives.**

**Rich Bissell and Florence Bonner summarized important findings and themes from the workshop and potential next steps.**
