Sustainable Water Management in the Great Lakes Region

“It is a textbook example of collaboration—two nations, multiple jurisdictions, NGOs, agriculture and industry—all working together for the greater good of the Lakes.”

**USEPA Administrator Michael Leavitt,
2004**

“Great Lakes Agreement”

- Good-faith agreement among the Great Lakes Governors and Premiers
- Created Regional Body
- State and Provincial implementation
 - Provincial action
 - Interstate Compact

“Great Lakes Compact”

- Legally enforceable contract among the Great Lakes States
- Created Compact Council
- Implementation

Great Lakes Governors' Priorities Initiative

- **2002 launch following Congressional request**
- **Focus on sustainability--address the issues of the present and anticipate the challenges of tomorrow**
- **Build on past investments**
- **Public participation**

Great Lakes Governors' Priorities

- Ensure the sustainable use of our water resources while confirming that the States retain authority over water use and diversions of Great Lakes waters.
- Promote programs to protect human health against adverse effects of pollution in the Great Lakes ecosystem.

Great Lakes Governors' Priorities

- Control pollution from diffuse sources into water, land and air.
- Continue to reduce the introduction of persistent bioaccumulative toxics into the Great Lakes ecosystem.
- Stop the introduction and spread of non-native aquatic invasive species.

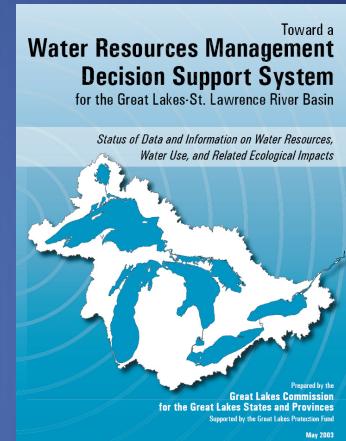

Great Lakes Governors' Priorities

- Enhance fish and wildlife by restoring and protecting coastal wetlands, fish and wildlife habitats.
- Restore to environmental health the Areas of Concern identified by the International Joint Commission as need remediation.

Great Lakes Governors' Priorities

- **Standardize and enhance the methods by which information is collected, recorded and shared within the region.**
- **Adopt sustainable use practices that protect environmental resources and may enhance the recreational and commercial value of our Great Lakes.**

Regional Lessons Learned

- **Collaborations are needed to address functional issues**
- **“Necessity is the mother of collaboration”**
- **Clarity regarding scope, roles and responsibilities essential**
- **Strong leadership needed to address unique challenges**

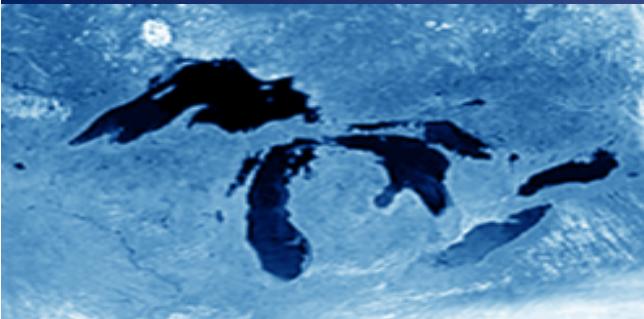

Regional Lessons Learned

- **Education needed on differing political processes, organizational structures**
- **Transparency and public participation key to success**
- **Institutional arrangements foster further collaboration**
- **Success encourages repetition**

Collaboration Challenges

- Complexity
- Building on existing organizational frameworks
- Bureaucracy, inertia and transaction costs
- Prioritization
- Failure to learn from experience
