 - His-Tseng Chou (Yuan-Ze University, Taiwan) was nominated for Full Membership. After some discussion regarding the nominee's affiliation, the nomination was approved unanimously. There were no other nominations.
 7. S. Laxpati presented the current status of the Commission B membership database. There are 258 members as of July 1, 2000 in the database (of which 8 are known Associate Members). Only 100 members have been 'active' since January 1, 1997. This number rises to 166, if January 1, 1990 date is considered. The 'active' numbers are based on the attendance list of the past minutes of Commission B meetings. It was agreed that a letter should be sent to all members who have not attended a business meeting of the commission since 1990 and give them one year to attend a business meeting or present paper in a URSI-B Session. Otherwise, we will drop them from the membership.
 8. D. Dudley informed the members that he was Chair of the IEEE EM Awards Committee and invited nominations.
 9. Old Business: None.
 10. New Business: Pogorzelski invited members to look out for potential members and encourage them to participate in Commission activities and invited more membership nominations.
 11. The meeting was adjourned at 18:05 hours.
