 - Biomedical, Human Subjects, Food & Food Policy, Defense/Terrorism/National Security, Privacy/Information Technology/Cybersecurity, Development/Environmental Pollution/Water Access

GOVERNMENT-UNIVERSITY-INDUSTRY RESEARCH ROUNDTABLE

The National Academies of
SCIENCES • ENGINEERING • MEDICINE

Sample Questions to be Pursued

- What has the scientific community learned about identifying and dealing with unethical research practices?
- When are laws and ethics culturally determined, and how does this affect their implementation and effectiveness?
- Which international governing bodies are best positioned to regulate international research laws?
- Who takes on research questions that have direct importance globally, but are not priorities in countries with money and research infrastructure?
