NASEM Action Collaborative Community Engagement Plan

The University of Chicago’s Equal Opportunity Programs (EOP) area, within the Office of the Provost, will coordinate the University’s participation in the National Academies of Science, Engineering, and Medicine Action Collaborative on the Prevention of Sexual Harassment in Higher Education and will be responsible implementing relevant recommendations from the Collaborative. EOP plans to engage the campus community by providing regular briefings and facilitating conversations through the following constituent groups:

**Action Collaborative Faculty Advisory Group**

A Faculty Advisory Group is being established to work with EOP leadership on the evaluation and implementation of recommendations from the Collaborative and to guide communications to faculty.

**University of Chicago Campus Partner Task Force on Sexual Misconduct**

The Campus Task Force provides key members of the campus community an opportunity to receive further training on issues that relate to Title IX and the Preventing Sexual Violence in Higher Education Act of Illinois, gain a greater understanding of the University’s comprehensive policy on Harassment, Discrimination and Sexual Misconduct, discuss prevention and identify best practices, analyze data on campus trends related to sexual misconduct and assist with disseminating information to broader campus constituencies.

**Office of the Provost Student Advisory Board on Sexual Misconduct**

The Office of the Provost’s Sexual Misconduct Student Advisory Board is a group of students that meets twice a quarter in order to serve as a liaison between the Office of the Provost and undergraduate, graduate, and professional students regarding sexual misconduct. The purpose of the advisory board is to provide student perspectives and input on policies, procedures, and programs pertaining to sexual misconduct.

**Student Leadership Summits**

EOP convenes quarterly meetings of student leaders on campus to provide briefings on matters related to sexual misconduct and to broadly engage campus student leadership in discussions on addressing the issue of sexual misconduct.

**Human Resources Community Meetings**

The Human Resources partners for each division, school, and unit meet monthly, and will receive periodic briefings and opportunities for discussion on the work of the Collaborative, specifically pertaining to the staff community.
