**CULTIVATING LEARNING AND SAFE ENVIRONMENTS (CLASE), 2015-ONGOING**

*Moving from Benchmarking Prevalence and Perceptions to Applying Findings in Health Institutions*

---

**CLASE Prevalence and Perceptions Study**

Ongoing comprehensive, proactive, and scientific effort to address intimate and interpersonal violations at all University of Texas System institutions.

**GOALS**

1. Increase student safety and well-being by improving programs and services for students.
2. Reduce acts of sexual harassment, stalking, dating/domestic abuse and violence, and unwanted sexual contact at 14 UT System institutions.
3. Benchmark prevalence and perceptions at 14 UT System institutions.

**THE MEANS TO THE BEGINNING**

**Overview of CLASE Project**

- Shallow Dive
- Medium Dive
- Deep Dive

**CLASE Study and National Academies**

CLASE data used by National Academies of Sciences, Engineering and Medicine to further study sexual harassment in academic sciences, engineering, and medical academic settings.

---

**Health Institution Curriculum**

IDVSA produced this curriculum as a useful and practical teaching tool and resource for professionals working within health institution settings.

---

**Health Institution Curriculum**

*We are taking a proactive approach because student success—which goes hand in hand with student safety, security and well-being—is our #1 priority. We will address sexual misconduct and we will be a leader in creating solutions.*

William H. McRaven
Former University of Texas Chancellor

---

**Health Consortium members engaged collaboratively to innovate and apply research findings to an educational curriculum.**

---

**Impacts of Sexual Misconduct at UT Health Institutions**

- Overall Victimization Rate by Type
- Disclosure After Victimization

---

**IMPACT ON STUDENTS AT HEALTH INSTITUTIONS**

- Academic Disengagement
- Impact on Mental and Physical Health

---

**Decision Case Learning**

Practical and factual teaching tool designed to engage the learner by presenting real life scenarios they may face in their professional lives.

---

**Resources**

- Title IX Policy and Programming Resource Catalogue and Public Health Awareness and Educational Campaigns Resource Catalogue
